"Press against the current that is bearing all down.... Press toward the mark of the prize of our high calling in Christ Jesus. We cannot remain in listless resistance and yet gain the prize." In Heavenly Places, p. 263

"Let the youth make the word of God the food of mind and soul. Let the cross of Christ be made the science of all education, the center of all teaching and all study. Let it be brought into the daily experience in practical life. So will the Saviour become to the youth a daily companion and friend."

Did you know that Genesis covers about one third of our world's history? That Adam was still alive when Noah's father was born? That Shem lived until about the time Jacob was born? That Daniel, Ezekiel, and Jeremiah lived at the same time? Hang one in your Sabbath school class, fellowship hall, or home and see what you can learn!

"Older Christians should have a watchful care for these young disciples, and be ready to encourage and instruct them. Here is an opening for missionary labor of the most important character. How necessary that there be in the church faithful members, who have a love for souls, and who will lead them into correct paths of religious experience. This is a work in which all Sabbath-school teachers should engage. They should know Christ and his saving power for themselves,—no others should be teachers in the Sabbath-school,—and then they should seek earnestly to lead their pupils to the Saviour. By reading the Scriptures and praying with them, they can direct them to Him who is the way, the truth, and the life.
